11.4" x 17.1" x 3.1"

Pallet Layer Pattern
River Rock 1 (8 Pavers); River Rock 2 (4 Pavers)
River Rock 3 (4 Pavers)

RIVER ROCK. Inspired by nature's rustic elegance, River Rock is a distinct modular 3 stone system featuring authentic stratified textures and strikingly vibrant colours by way of Expocrete's face mix finish.

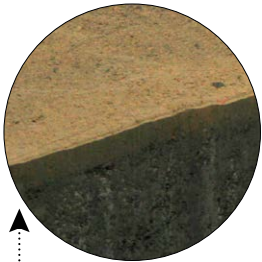

River Rock is suitable for mechanical or manual installation in the preset pattern and can also be altered for unique design treatments, while the 80mm thickness makes this paver ideal for both residential and commercial applications in both low and high pedestrian traffic areas.
